

Artemisinin

(Hypoallergenic)

Item # 72160, bottles of 90 Vegetarian Capsules
Item # 75680, bottles of 300 Vegetarian Capsules

"I am extremely satisfied with the superb quality of your product and the excellent clinical results we witness daily from its use." - Christopher Deatherage, N.D., Brush Creek Naturopathic Health Center, Drury, MO

"Artemisinin is a powerful oxidant. I have used it orally along with herbal extracts, such as berberine, grapefruit seed extract and oregano oil." - Leo Galland, M.D.

"I have been very impressed by the efforts of ARG to perform both purity analysis and activity analysis on its artemisinin. For me, it was not even necessary, since I had already observed the awesome clinical efficacy of the product in patient after patient. I am grateful that this product is available and at a most reasonable price." - Robert Jay Rowen, M.D., Editor-in-Chief, Second Opinion

Description

Pure artemisinin, or Qinghaosu, is the active constituent of the herb *Artemisia annua* (sweet wormwood). Good quality *Artemisia annua* contains 0.3-0.5% artemisinin, so pure artemisinin provides hundreds of times more of the active constituent artemisinin than the whole herb itself. Research has show artemisinin to be particularly beneficial in balancing the microbiology of the GI tract.*

Our Artemisinin has had independent cell tests verifying its effectiveness, and we do independent potency assays on every batch, using HPLC. In addition, we have received excellent feedback from numerous practitioners who utilize Artemisinin in their practice.

Serving Size: 2 capsules

Servings Per Container: 45 or 150

Amount Per Serving:

Artemisinin 100 mg

Other ingredients: Hydroxypropyl methylcellulose, cellulose, L-leucine, titanium dioxide.

Suggested Use: As a dietary supplement, 1 or 2 capsules one or two times daily before meals, or as directed by a healthcare practitioner.

Caution: Not indicated for pregnant or nursing women. Long term administration (greater than 1 month) should be monitored by a healthcare practitioner. Combining with antioxidants or iron may theoretically decrease effectiveness. Detoxification reactions may be experienced by some individuals. Seek the advice of a healthcare professional before using this product.
